

About Us

We are a young, enthusiastic company established in 2007 with the aim of becoming a "One-Stop Shop" for IT supplies and services. Since our inception, our objective has always been to offer our clients a single point of reference for all their Information Technology needs.

Besides the traditional IT products and services, today at Infotech we specialise in Point of Sale systems including Fiscal Cash Registers, as well as Security Systems for both residential and commercial premises.

With our vast experience, we offer peace of mind, along with innovative, reliable and reputable software and hardware, always backed by our exceptional after-sales service.

We provide a free visit on site along with a free quotation!

TOUCH

Managing your establishment has never been easier!

Aera Touch speeds up the management and payment processes of your retail store. It helps you better understand your customers, staff and business, helping you grow towards better profits and smarter ways of working.

Aera Touch is developed around an intuitive interface that allows you to perform transactions simply and effectively.

*Aera Touch's features free up managers and operators to focus on ensuring that employees are delivering great service and solidifying positive customer experiences. It is reliable, robust and simple to use, **creating a faster, more efficient and intuitive working environment** for both management and staff.*

Mobile Applications

Employees can use the App to track sales and inventory, and managers can keep up with daily reports while out of the office, all in real time from a tablet or a smartphone

In partnership with Aera, Infotech is always on the forefront of Innovation

Cash Handling Machines

Automatic cash handling machines accept a cash payment and deliver the change securely, completely eliminating mistakes and speeding up the customer transaction and the end of day procedures.

Scale Management

Aera Touch can manage a number of electronic scales. Whether for adeli at a super-market, or your own grocery store, the scale module will calculate the price according to the weight of that particular item and print a receipt in a matter of seconds.
